Under Katie Scott's flower child exterior beats the heart of June Cleaver. Though she digs her bellbottoms and love beads, she longs for the idyllic family life she was denied as a child. Laughed out of San Francisco's Haight Ashbury after the Summer of Love for believing rock 'n roll and white picket fences can coexist, she decides to try her luck in the bohemian neighborhood of Ladbroke Grove in London. When she discovers her new friend Adam is starting a band with Jay Carey, she's ecstatic. She'd admired the British guitar god from afar for years, and when she and Jay finally meet the attraction between them is instantaneous. But life with a rock 'n roll star doesn't lend itself well to white picket fences. And when Katie tells Jay the secret she's carried for two years it may end the dream before it begins. Sensuality Level: Sensual
