Handbook of Professional and Ethical Practice for Psychologists, Counsellors and Psychotherapists

Handbook of Professional and Ethical Practice for Psychologists, Counsellors and Psychotherapists

Closer regulation of psychological counselling means that an awareness of the professional, legal and ethical considerations is vital. The second edition of *Handbook of Professional and Ethical Practice* offers a clear, stimulating, and structured introduction to a number of contemporary issues of professional and ethical practice. **Rachel Tribe** and **Jean Morrissey** have brought together updated, re-written and new contributions from professionals in the interrelated fields of psychology, psychotherapy and counselling, which illustrate the professional and ethical dilemmas involved in mental health practice. Academic and clinical experiences are skilfully combined with personal reflection to produce a comprehensive resource that addresses challenges that therapeutic practitioners are faced with on a daily basis.

Each chapter places particular emphasis on the current codes of practice and ethical principles underpinning safe ethical practice and the implications for practitioners. Comprehensive coverage of the legal, clinical and ethical considerations involved in research and training is provided and the reflective questions at the end of every chapter serve to prompt further discussion of the issues. Chapters are enhanced by clinical vignettes that illustrate the particular issues at hand, as well as detailed bibliographies that point the reader towards the latest literature on the subject. The book is divided into 5 sections:

Professional practice and ethical considerations

Legal considerations and responsibilities

Clinical considerations and responsibilities

Working with diversity – professional practice and ethical considerations

Research Supervision and Training

This new, updated edition reflects the changes in the environment in which therapists and psychologists work. Covering a wide range of perspectives, clinical settings and client populations, *Handbook of Professional and Ethical Practice* 2nd edition will be an invaluable source of both information and inspiration to psychologists, counsellors, psychotherapists and practitioners of diverse orientations and stages of professional development and to those interested in a contemporary, multi-disciplinary approach to best practice in mental health.

From reader reviews:

Mary Marshall:

Inside other case, little men and women like to read book Handbook of Professional and Ethical Practice for Psychologists, Counsellors and Psychotherapists. You can choose the best book if you appreciate reading a book. So long as we know about how is important a book Handbook of Professional and Ethical Practice for Psychologists, Counsellors and Psychotherapists. You can add information and of course you can around the world with a book. Absolutely right, simply because from book you can recognize everything! From your country right up until foreign or abroad you may be known. About simple matter until wonderful thing you could know that. In this era, we could open a book or perhaps searching by internet device. It is called e-book. You may use it when you feel weary to go to the library. Let's examine.

Leslie Bergeron:

As people who live in the particular modest era should be change about what going on or information even knowledge to make all of them keep up with the era and that is always change and progress. Some of you maybe will probably update themselves by examining books. It is a good choice for yourself but the problems coming to a person is you don't know what kind you should start with. This Handbook of Professional and Ethical Practice for Psychologists, Counsellors and Psychotherapists is our recommendation to help you keep up with the world. Why, because book serves what you want and want in this era.

Donald Pate:

Nowadays reading books become more than want or need but also become a life style. This reading behavior give you lot of advantages. The advantages you got of course the knowledge the rest of the information inside the book which improve your knowledge and information. The details you get based on what kind of e-book you read, if you want drive more knowledge just go with education books but if you want really feel happy read one together with theme for entertaining for example comic or novel. The Handbook of Professional and Ethical Practice for Psychologists, Counsellors and Psychotherapists is kind of guide which is giving the reader unpredictable experience.

Harrison Colon:

A lot of reserve has printed but it is different. You can get it by net on social media. You can choose the very best book for you, science, comedy, novel, or whatever by searching from it. It is identified as of book Handbook of Professional and Ethical Practice for Psychologists, Counsellors and Psychotherapists. You can contribute your knowledge by it. Without leaving behind the printed book, it could add your knowledge and make an individual happier to read. It is most critical that, you must aware about book. It can bring you from one place to other place.
