The Nudist on the Late Shift: And Other True Tales of Silicon Valley Po Bronson

The Nudist on the Late Shift is the true story of a new generation at the proving point of their lives, written by the most exciting and authentic literary voice to emerge from Silicon Valley, Po Bronson.

This is a defining portrait of young people in the whirl of an information revolution and an international gold rush. Masses of entrepreneurs and tech wizards, immigrants and investors, dreamers and visionaries, are heading west to seek their fortune and a new destiny. In Bronson, they have found their troubadour.

Already hailed by *The Village Voice Literary Supplement* as "the most complete and empathetic portrait of the Valley so far," **The Nudist on the Late Shift** establishes Bronson as the first author to capture the spirit of this new mecca. Recently chosen by the VLS as one of 1999's "Writers on the Verge," Bronson has spent the past decade searching Silicon Valley for the best stories, several of which have been published in *Wired*. Now he has woven those stories together, taking us inside the world of the newcomers, brainiacs, salespeople, headhunters, utopians, plutocrats, and innovators who are transforming our culture.

Writes the VLS: "Bronson evocatively portrays the overwhelming unpredictability of life in the Valley: getting fired can be part of daily life. But with a zero unemployment rate, the wounded don't stay that way for long. Bronson is at his best describing this radically shifting environment, where everyday folk with the right idea and the stamina stand to make millions in a couple of years, skipping rungs on the career ladder at a mind-boggling pace. Bronson recognizes that Silicon Valley's boom is made up of small explosions, and *The Nudist* puts us at ground zero."
