The Crystal Palace Frances Mary Hendry

Recently republished as 'Victorian Nanny', this is a fascinating, exciting struggle for survival by a lively young servant girl against the threat of dismissal and even hanging, through the malice of the appallingly-spoilt son of a London household in 1851. It is set against the background of London's mansions and slums, and the building of the Victorian marvel, the huge glass Crystal Palace. The details of the history and the major characters are accurate [well, fairly!] but not heavy, the characters are alive, the story is gripping.
