Sarah Woodbury

Daughter of Time: A Time Travel Romance (The After Cilmeri Series) Sarah Woodbury

Sarah Woodbury is my new favorite author. Daughter of Time reminds me of Outlander and 1632, with a fresh twist. I read all the books in the After Cilmeri series in four days! Long after I finished the last book, the stories and characters stayed in my mind, and I kept wishing I could return the world Sarah so skillfully created. I can't wait for the next book and the next ..." -- Debra Holland, New York Times bestselling author of the Montana Sky Series.

Daughter of Time is appropriate for readers from young teens to adults and is a prequel to the After Cilmeri series:

A medieval man with an uncertain destiny, Llywelyn, the Prince of Wales, faces treachery and deceit at the hands of friends and foes alike ...

A modern woman with a troubled past, Meg's life is in tatters when she slips through time and into medieval Wales ...

Only by working together can Meg and Llywelyn navigate the shifting allegiances that threaten the very existence of Wales--and create their own history that defies the laws of time.

**A note from the author: I am so happy to be able to share with you this prequel to the After Cilmeri series. I created Footsteps in Time and Prince of Time first, and only wrote Daughter of Time after so many readers wanted to know how the story began. Meg's journey is continued in Footsteps in Time and Winds of Time, a novella that is meant to be a companion to the series. Happy reading!

--From The Kindle Book Review:

While a time-travel romance, the relationship between Meg and Prince Llewlyn of Wales is not cliché. It's truly two people struggling to overcome their different backgrounds and the current political climate of 13th century Wales to follow their hearts. The completely fresh storyline of a Daughter of Time is one of the strongest aspects of this story.

Daughter of Time is a sweetheart style romance in that the sexual scenes take place off stage, and an enjoyable look at chivalry in a way that explains how functional it was for the time period, and not just a cliché romantic notion modern readers have about knights in shining armor.

Overall, I give this book 5 stars and recommend you grab a copy or at least download a sample for yourself.
