## *Understand American politics from past to present*

*Essentials of American Government: Roots and Reform, 2012 Election Edition* explores how the origins of American government affect the issues facing the United States today. This streamlined and flexible text offers the strongest coverage of history and current events. This approach encourages students to study present political structures and behaviors in full constitutional and historical context. The text helps students learn how our government evolved and how they can become more informed citizens. Most importantly, it encourages them to discover that politics can be—and most often is—a good thing.

This text features full integration with the New MyPoliSciLab.
