The Eye of God (Sigma Force) James Rollins

In *The Eye of God*, a Sigma Force novel, *New York Times* bestselling author James Rollins delivers an apocalyptic vision of a future predicted by the distant past.

In the wilds of Mongolia, a research satellite has crashed, triggering an explosive search for its valuable cargo: a code-black physics project connected to the study of dark energy—and a shocking image of the eastern seaboard of the United States in utter ruin.

At the Vatican, a package arrives containing two strange artifacts: a skull scrawled with ancient Aramaic and a tome bound in human skin. DNA evidence reveals that both came from the same body: the long dead Mongol king Genghis Khan.

Commander Gray Pierce and Sigma Force set out to discover a truth tied to the fall of the Roman Empire, to a mystery going back to the birth of Christianity, and to a weapon hidden for centuries that holds the fate of humanity.
