Up From Dragons: The Evolution of Human Intelligence

John Skoyles, Dorion Sagan

Up From Dragons: The Evolution of Human Intelligence John Skoyles, Dorion Sagan

A breathtaking account of the "unnatural" history of consciousness and human intelligence

Taking its cue from *The Dragons of Eden*, Carl Sagan's 1977 classic and *New York Times* bestseller, *Up from Dragons* traces the development of human intelligence back to its animal roots in an attempt to account for the vast differences between our species and all those that came before us. In a book that will spark a storm of debate, neuroscientist John Skoyles and awardwinning author Dorion Sagan introduce a controversial theory of the origins of human intelligence that may hold the answers to questions that have haunted scientists about mind, consciousness, and the evolutionary odyssey of humankind. It also introduces the revolutionary concept of "mindware"the human, evolutionary equivalent of computer softwareand describes how the evolution-accelerating symbol-using programs that make it up have empowered us with the unprecedented ability to take charge of our own evolutionary destiny.

From reader reviews:

Valerie Garrison:

What do you think about book? It is just for students since they're still students or the idea for all people in the world, what the best subject for that? Simply you can be answered for that question above. Every person has distinct personality and hobby for each other. Don't to be obligated someone or something that they don't wish do that. You must know how great in addition to important the book Up From Dragons: The Evolution of Human Intelligence. All type of book can you see on many methods. You can look for the internet sources or other social media.

Gerald Patton:

Playing with family in a very park, coming to see the sea world or hanging out with buddies is thing that usually you could have done when you have spare time, in that case why you don't try point that really opposite from that. One activity that make you not feeling tired but still relaxing, trilling like on roller coaster you have been ride on and with addition details. Even you love Up From Dragons: The Evolution of Human Intelligence, you could enjoy both. It is good combination right, you still desire to miss it? What kind of hang-out type is it? Oh can happen its mind hangout folks. What? Still don't get it, oh come on its named reading friends.

Theresa Braun:

What is your hobby? Have you heard which question when you got scholars? We believe that that query was given by teacher to the students. Many kinds of hobby, Every individual has different hobby. And you also know that little person just like reading or as examining become their hobby. You need to know that reading is very important along with book as to be the point. Book is important thing to increase you knowledge, except your teacher or lecturer. You discover good news or update in relation to something by book. Numerous books that can you go onto be your object. One of them are these claims Up From Dragons: The Evolution of Human Intelligence.

Corinne Schlegel:

Some people said that they feel weary when they reading a publication. They are directly felt the item when they get a half parts of the book. You can choose typically the book Up From Dragons: The Evolution of Human Intelligence to make your current reading is interesting. Your current skill of reading expertise is developing when you like reading. Try to choose simple book to make you enjoy to learn it and mingle the sensation about book and reading through especially. It is to be initially opinion for you to like to start a book and study it. Beside that the book Up From Dragons: The Evolution of Human Intelligence can to be your brand new friend when you're truly feel alone and confuse in what must you're doing of that time.
