## Miles Aldridge: I Only Want You to Love Me

The first monograph from the brilliant fashion photographer Miles Aldridge. With a cinematic approach to fashion photography, Miles Aldridge creates singular scenes with psychologically complex characters in surreal and fantastic settings. His brilliant, candy-colored images engage viewers with an appealing mix of overt sexuality and sweetness. No detail is left uncovered in his eye-popping, erotically charged fashion photographs, which transform slightly sordid scenarios into acid-hued glamour. Each photograph is a complex world unto itself, and these lush images invite viewers to linger, for there is always something else to see, some deeper layer of meaning to uncover. Including hand-drawn storyboards that Aldridge uses to fix the idea of a shoot in his mind, as well as previously unpublished material, this monograph is filled with intimate insight into the photographer's point of view and process. With deliciously naughty scenes and lushly evocative photography, this book lures readers into Aldridge's irresistible world.
