Among the smiling faces in church on Sunday mornings are those who long for deeper, more genuine relationships within their local congregations--active, intentional relationships that nurture the soul and encourage personal encounters with God. Drawing on decades of experience in spiritual direction, congregational ministry, and seminary teaching, this book offers a clear and rich introduction to the theology and practice of spiritual companionship in the Protestant tradition. The authors explore the topic in a biblically based and historically informed manner and give practical help for cultivating spiritual relationships in congregations and beyond, using stories throughout to illustrate key ideas. Discussion questions are included.
