IT Organization: right-size your organization for success (Practical IT Manager GOLD Series Book 5)

Mike Sisco

An IT manager needs an organization plan that builds the appropriate mix of skills, experience, capability and capacity to meet your company's technology support needs. Don't spend more than is needed, , right-size your organization.

The best lesson any manager can learn is that it's more important to the company in what the IT organization can accomplish as opposed to what the manager can accomplish. A heavy emphasis on 'team' and 'teamwork' make this publication essential in developing leadership skills that help you build an appropriate organization to meet the needs of your company.
