## **What Could Have** DC Stone

Annabelle and Lucas have just enlisted in the United States Air Force. The two live on opposite sides of the country, but are drawn together by a common goal and connection. Their friendship blooms, their trust grows, and the lust between them explodes. There are two problems with this situation, though. Neither of them communicate to the other on how they feel. And both fight against it. Choices are taken out of their hands when, upon graduating from training, Annabelle and Lucas find that instead of being on opposite sides of the country, they will be on opposite sides of the world. Ten years later, a common website has brought Annabelle and Lucas back in contact. The two of them have found each other after so many years; however, now, both are promised to others. A brief kiss. A heartbreaking realization. And an accident. Choices made that are, once again, taken out of their hands.
