The Fire That Consumes: A Biblical and Historical Study of the Doctrine of Final Punishment, Third Edition Edward William Fudge

Evangelical Christians affirm together that a dreadful destiny awaits those who reject God's grace throughout life. According to the traditional view, that destiny will involve unending conscious torment in hell.

However, believers are increasingly questioning that understanding, as both unbiblical and inconsistent with the character of God revealed in the Scriptures and in the man Jesus Christ. This internationally acclaimed book--now fully updated, revised, and expanded--carefully examines the complete teaching of Scripture on the subject of final punishment. It concludes that hell is a place of total annihilation, everlasting destruction, although the destructive process encompasses conscious torment of whatever sort, intensity, and duration God might require in each individual case.
