What Time is It Richard C. Thuss

What Time Is It by Richard Thuss is an action-packed, edge-of-your-seat, techno-thriller that grabs you by the collar and never lets go. Technical guru Jack Farrell finds himself in the middle of a high-tech international conspiracy using self-aware computers to destroy a critical segment of America's electronic infrastructure; a plot hatched and executed by North Korea. Jack teams with Fred, his Nobel Laureate landlord and Julia, his brilliant upstairs neighbor, to thwart the Korean attack and stay alive in the bargain. But, little does Jack know that the attack he fights so hard to defeat is not just political—it's personal. Written in masterful, nail-biting prose, and told in the best tradition of the political, techno-thriller genre, Thuss has produced a fast-paced, must-read, modern tale of intrigue that will be sure to please any thriller fan. Populated with multi-dimensional characters, rich subplots, and compelling suspense What Time Is It will not disappoint.
