The Modern Liberal Jungle: A Guide for Americans James B. Connelly

In *The Modern Liberal Jungle: A Guide for Americans*, James Connelly argues that Modern Liberalism is not a recent phenomenon but follows a pattern of consistent thought for over a century. Dangerous visionaries have wanted to create a utopian society. Their plans necessitate undermining our Constitutional principles of limited government and federalism by replacing it with a society engineered by experts. This movement has been inherited by the “Liberals” of today – THE MODERN LIBERALS. In *The Modern Liberal Jungle: A Guide for Americans*, we are taken through the historical background, education and psyche of today’s Liberals. Their distortions, irrational emotional appeals, and personal attacks are exposed. Dr. Connelly describes how – armed with fundamental American principles – “most Modern Liberals can readily be reduced to incoherent and impotent sputtering and mumbling.” He explains:

- Who Modern Liberals are
- Origins and belief systems of Modern Liberals
- Reasons Modern Liberals attack America
- Tactics used by Modern Liberals

This guide also shows ways to fight Modern Liberalism through knowing:

- Americans beliefs that made us great
- The Conservative alternative
- How America is uniquely different from Europe
- Methods for taking our country back
