Sustainable Reform and Development in Post-Olympic China

Sustainable Reform and Development in Post-Olympic China

After thirty years of economic reform, China has reached a crossroads in its development process, and faces many challenges in the use of natural resources, the living environment, and the economic, social and political systems. The sustainability of China's reform and development is even more salient in the face of the global financial crisis and economic recession. Taking the 2008 Olympic Games in Beijing as an iconic turning-point, the book explores key themes such as economic reform and sustainability, innovation and sustainability, globalisation and social development, and analyses the prospects for sustainable reform and development in Post-Olympic China.

The book includes topics such as Chinese banking reforms; the issue of regional inequalities; energy and environmental challenges; industry development and corporate social responsibility, and democracy and media bloggers. With analysis written by experts from a wide range of disciplines, the book will appeal to a wide range of readers interested in China's environment and sustainable development, economic and political reform, and international relations.

Sonia Shipley:

As a pupil exactly feel bored to help reading. If their teacher asked them to go to the library as well as to make summary for some e-book, they are complained. Just very little students that has reading's internal or real their pastime. They just do what the educator want, like asked to go to the library. They go to right now there but nothing reading very seriously. Any students feel that looking at is not important, boring and also can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. So , this Sustainable Reform and Development in Post-Olympic China can make you really feel more interested to read.
