Body Droppers M. J. Ellison

Twenty-five years after his role in the infamous "Days of Rage" riots in the Chicago Loop, Jack Carmichael, a transient, drifter and former member of the Weather Underground launches a startling series of attacks against Michigan's political establishment in the name of society's downtrodden, physically challenged, and abused. When a powerful state senator disappears, investigator Robert Brooks is hired by his wife as her personal representative in the frantic search for her missing husband. The investigation soon leads Brooks into an elaborate labyrinth of grave robbing, body dropping, the unveiling of a defense contractor's top secret helicopter prototype, and the governor's shocking pronouncement of his radical plan to divert Great Lakes water to the west, the first step in his single-minded quest for the office of President of the United States.
