**The Cinema of Todd Haynes: All That Heaven Allows (Directors' Cuts)** James Morrison

Todd Haynes has emerged from the trenches of independent American film in the 1990s to become one of the twenty-first century's most audacious filmmakers. In a series of smart, informative essays, this book traces his career from its roots in New Queer Cinema to the Oscar-nominated *Far from Heaven* (2002). Along the way, it covers such landmark films as *Poison* (1991), *Safe* (1995), and *Velvet Goldmine* (1998). Contributors look at these films from a variety of angles, including his debts to the avant-garde and such noted precursors as Rainer Werner Fassbinder; his adventurous uses of melodrama; and his incisive portrayals of contemporary life.
