Why Do We Exist?-The closely guarded secret of why and how god created the universe. Sri Vishwanath

When I read the Bhagavad Gita and reflect about how God created this universe everything else seems so superfluous. – Albert Einstein.

I have written this small book to share with you how easy it is to understand the process of creation and dissolution of the universe. You don't need to be a scientist or have great IQ levels to read this book. This book will bring power to you and clear you of all the cobwebs surrounding creation and the uncertainty of Dec 21st 2012.

I have also introduced two powerful exercises at the end of the book titled:

- a) Simple Technique To Know The Beginning of the Universe
- b) You will not die on Dec 21st 2012

So enjoy the book and write back to me with your comments.
