The Hispanic Society of America: Tesoros

The Hispanic Society of America: Tesoros

The Hispanic Society published its comprehensive book length catalogue and critical study of its extensive collections. This is a lavishly illustrated and handsomely printed large book that presents with extensive critical comments and notes the most representative examples of its extensive art and artifacts collection. Few doubt that Archer Milton Huntington created a museum and gathered an art collection of Spanish art that has no parallel outside Spain. ALL TEXTS ARE BILINGUAL (English-Spanish).
