## **When a Man You Love Was Abused: A Woman's Guide to Helping Him Overcome Childhood Sexual Molestation** Cecil Murphey

The numbers of males abused in childhood are sometimes listed as low as 5 percent or as high as 33 percent. Though statistics are controversial, no one disputes the fact that childhood abuse is a continuing problem?or that such abuse can have devastating effects on future relationships. For all women who know and love a survivor of sexual assault, best-selling author Cecil Murphey has penned an honest and forthright book about surviving?and thriving?despite past abuses.

Both informative and highly practical, Murphey helps women understand the continuing problems that abuse survivors may encounter, including hurtful memories, issues of self worth, and the need to feel in control. With sensitivity and encouragement, Murphey then explains what women can do to help bring about healing and forgiveness. Written with the empathy that only a true survivor can convey, *When a Man You Love Was Abused* is a timely piece of advice and encouragement.
