A Geek Girl's Guide to Arsenic (The Geek Girl Mysteries) Julie Anne Lindsey

It's been three months since Jake Archer rolled into town, accused Mia Connors of murder and stole her heart. She hasn't heard from him since. So when a man collapses at the fall Renaissance Faire, she's surprised to see the US marshal arrive on scene. And shocked when he points the finger at her—again. Mia would sooner be able to resurrect the poor fellow than poison him.

Jake Archer's career has been rising fast, but it's about to come to a crashing halt. The Ren-Faire victim was in protective custody—Jake's custody—and they were painfully close to nabbing a major crime boss. If Jake doesn't solve the murder soon, he'll be fetching donuts instead of protecting his nation. A difficult enough task without the alluring Mia Connors in the way.

Working with Jake to catch the killer might push Mia into crazy-cat-lady territory. But with a murderer on the loose—and Mia's reputation on the line—they'll have to work fast to find the killer before the killer finds them.
