## **Deep Healing: The Essence of Mind/Body Medicine** M.D., Emmett E. Miller

Coming at the height of America's continuing health-care crisis, "Deep Healing" brings new hope to every reader. It awakens even the most skeptical among us to the miraculous inborn, self-healing capacities of our mind-body. Dr Miller's message empowers and inspires us. He reveals secrets of self-healing that have now been well established by medical science the world over, yet which are rarely made public. Even more gratifying, he presents information and skills that can put the magic of healing back into the hands of patients, caring physicians and other health professionals. He does this by describing eye-opening research, fascinating healing stories, advanced new skills in affirmative mental imagery, the transformation of disease-orientated perceptions, the writing of positive life scripts, and much more.
