**Antifascism and Memory in East Germany: Remembering the International Brigades 1945-1989 (Oxford Historical Monographs)** Josie McLellan

*Anti-Fascism and Memory in East Germany* is a book about remembering and about forgetting, about war, and about the peace which eventually followed. In the unlikely setting of the German Democratic Republic (GDR), the Spanish Civil War became the subject of a debate which both predated and outlasted the Cold War, involving historians, veterans, politicians, censors, artists, writers, and Church activists. Examining these multiple memories and interpretations of Spain casts new and unexpected light on the legacy of the Spanish Civil War, and the relationship between history and memory under state socialism.
